SEKISUI KASEI CO., LTD. announces that in the first quarter of the fiscal year ending March 31, 2025 (April 1, 2024 to June 30, 2024), we recorded non-operating income (foreign exchange gain) as follows:

1. Details of non-operating income (foreign exchange gain)

During the first quarter of the current fiscal year, foreign exchange gains of ¥788 million were recorded as non-operating income due to exchange rate fluctuations. This was mainly due to the revaluation of receivables and payables denominated in foreign currencies held by SEKISUI KASEI Group at the end of the first quarter.

2. Impact on business performance

The impact of the above-mentioned recording of non-operating income (foreign exchange gains) on business results is reflected in [Consolidated Financial Results for the First Quarter of the Fiscal Year Ending March 31, 2025 (Japanese GAAP)] announced today. This amount fluctuates depending on the status of foreign exchange rates in the future. Accordingly, no revisions have been made to the consolidated financial results forecasts for the second quarter (cumulative) or the full fiscal year. We will promptly announce any revisions to the earnings forecast figures in the future.
